## BACKGROUND DISCUSSION:

Ron Wood Park Road has never been recorded as a City road and has not been dedicated even though it is on City property. In order for the road to be listed as an official City street and be eligible for class B and C road funds for ongoing maintenance, it needs to be a recorded street. The street naming standards for Salt Lake County have changed and they will no longer allow Ron Wood Park Road as the street name.

It must only be two words and 13 characters including spaces, this does not include the street type designator. Staff proposes to formally give the street a name in accordance with Salt Lake County street naming requirements, and follow up in the future with an official plat that will dedicate the road as a public street.

An example would be Ron Wood Parkway or Ron Wood Road. The Council may have other suggestions for an appropriate name. A letter of intent will still need to be submitted to Salt Lake County for approval.
